R 281.924 Wetland Identification and Assessment.

Rule 4. (1) When assessing whether a parcel of property or portion of a parcel is wetland, as required by section 30321 of the Act, the department shall utilize criteria consistent with the definition of "wetland" provided in section 30301(d) of the act. The department shall provide a written assessment report to the person who owns or leases the property or his or her agent within 30 days of the on-site evaluation, whether the parcel contains wetland or nonwetland, or both, and the basis for the determination. The department shall evaluate a parcel or any portion of a parcel as identified by the person making the request.

(2) An assessment of wetlands on a parcel of property by the department may include any of the following, at the discretion of the person making the request:

- (a) The provision of maps and supporting information that show currently mapped wetlands on the property.
- (b) An on-site identification of areas containing wetland and non-wetland on the property.
- (c) An on-site review to confirm the identification of wetland boundaries on the property by a wetland professional.

(3) When identifying wetlands, the department shall rely on visible evidence that the normal seasonal frequency and duration of water is above, at, or near the surface of the area to verify the existence of a wetland. Under normal circumstances, the frequency and duration of water that is necessary to determine an area to be a wetland will be reflected in the vegetation or aquatic life present within the area being considered. A wetland that has not been recently or severely disturbed will contain

Annual Administrative Code Supplement
2006 Edition

predominance, not just an occurrence, of wetland vegetation or aquatic life. If there is a predominance of wetland vegetation, and if there is no direct visible evidence that water is, or has been, at or above the surface, then the department shall use the following characteristics of the soils or substrate to verify the existence of a wetland:

(a) The presence of a soil that is saturated, flooded, or ponded long enough during the growing season to develop anaerobic conditions in the upper part of the soil that favor the growth and regeneration of wetland vegetation.

(b) Physical or chemical characteristics of a soil column that provide evidence of the current and recent degree of saturation or inundation. Characteristics, such as a gleyed or low chroma matrix, mottling, or chemically demonstrated anaerobic conditions, can be utilized to identify the current and recent depth and fluctuation of the water table or inundation.

(4) If the department makes a determination that a wetland otherwise outside of the jurisdiction of the act is essential to the preservation of the natural resources of the state under section 30301(d)(iii) of the act, the department shall provide the findings, in writing, to the legal landowner or lessee stating the reasons for the determination. In making the determination, the department must find that 1 or more of the following functions apply to a particular site:

(a) It supports state or federal endangered or threatened plants, fish, or wildlife specified in section 36501 of 1994 PA 457, MCL 324.36501.

(b) It represents what the state has identified as a rare or unique ecosystem.

(c) It supports plants or animals of an identified regional importance.

(d) It provides groundwater recharge documented by a public agency.

(5) Upon the request of a person who owns or leases a parcel of property or his or her agent, the department shall determine if there is no surface or groundwater connection that meets the definition of "contiguous" under R 281.921(l)(b)(iii). The department shall make the determination in writing and shall provide the determination to the person making the request within a reasonable period of time after receipt of the request.

(6) (a) A person who requests an assessment shall submit a form provided by the department. The form shall contain all information required under section 30321(3) of the act, and shall be accompanied by a check for the appropriate fee as set forth in this rule.

(b) All fees are nonrefundable.

(c) A person who owns or leases a parcel of property or his or her agent may request any of the following 3 levels of assessment with corresponding levels of fees:

(i) For a fee of \$100.00, the department will provide copies of wetland information immediately available for an identified area, including state and federal maps on file with the department that show the approximate location of wetlands on the parcel. In addition, information specified by section 30321(e), (f), and (g) of the act, regarding regulatory processes, limitations, and appeals will be provided to a person who makes a request. An application for this service is limited to not more than an area covering 4 adjoining square miles. This level of service shall be available in counties where the preliminary or final wetland inventory maps in section 30321 of the act have not been completed. The department shall provide the preliminary or final wetland inventory map in electronic form or a paper copy at cost. Since the information and maps provided will not be based upon an on-site review, they will be useful for planning purposes, but the department will not certify where wetlands are and are not specifically located on the given parcel.

(ii) For a fee of \$500.00 for 1 acre or less, the department will perform an on-site wetland identification of a parcel or portion of a parcel that has its boundaries marked by the person who makes the request, to identify and describe areas that are and are not wetland on the site, unless identification and description are not possible due to site conditions, as outlined under subrule (7) of this rule. The fee for the service will increase by \$250.00 per acre or fraction thereof for an assessment area larger than 1 acre. An application for this service is limited to an area of 5 acres or less. If the assessment report determines that the area or part of the area evaluated is not wetland, then the report shall state that the department lacks jurisdiction over the area that is not wetland, if any, and that the determination that an area is not wetland is binding on the department for 3 years from the date of the assessment.

(iii) For a fee of \$500.00 for 1 acre or less, the department will perform an on-site review of a mapped, flagged, and otherwise identifiable area to confirm specific boundaries established by a wetland professional between wetlands and areas that are not wetlands. The fee for the service will increase by \$50.00 per acre or fraction thereof to confirm areas identified as wetland and \$20.00 per acre or fraction thereof to confirm areas identified as non wetland. The wetland and nonwetland boundaries must be flagged by a wetland professional representing the person who made the request. The boundaries must have been established utilizing methods and procedures consistent with the Act and these rules. If the department finds substantial errors during the confirmation process and the person making the request wishes to proceed, then the department will require that a new wetland boundary be identified by a wetland professional representing the person who made the request and that new fees in the amount of 1/2 of the original fee be submitted for the on-site confirmation of the new wetland boundary and the assessment report. If the assessment report determines that the area or part of the area evaluated is not wetland, then the report will state that the department lacks jurisdiction over the area that is not wetland and that the determination that an area is not wetland is binding on the department for 3 years from the date of the assessment. If

Annual Administrative Code Supplement
2006 Edition

documentation of the specific boundary is desired, then the person who is making the request will provide, for department approval, an acceptable and reproducible survey of the agreed upon boundaries.

(iv) The department will provide the report within 20 calendar days of a complete request, for an increased fee reflecting the additional cost to the department. For subsection (c)(ii), this increased fee will be \$1500.00 for 1 acre or less and \$750.00 per acre or fraction thereof for an assessment area larger than 1 acre. For subsection (c)(iii), this increased fee will be \$1500.00 for 1 acre or less, \$150.00 per each additional acre or fraction thereof to confirm areas identified as wetland, and \$60.00 per each additional acre or fraction thereof to confirm areas identified as non wetland. If weather or other conditions prohibit the completion of the report within 20 calendar days, the department will refund the difference between the higher fee and the normal fee.

(7) If recent severe disturbances of the site have occurred, for example, removal of native vegetation, disturbance of soils, or diversion of drainage, making it impossible during a routine site visit to determine whether or not the area requested for assessment contains or has contained wetland or nonwetland, then the department will provide the person who made the request with a report that specifies the reasons for its inability to make a determination. The department will include with the report a description of the necessary technical information to be provided by the person who made the request in order for the department to make a final wetland identification or confirm a boundary.

(8) A written request for a reassessment, pursuant to section 30321(5) of the act, shall be submitted to the department no later than 60 days after the receipt of the written assessment report. The department shall conduct the reassessment, if possible, during the same calendar year as the original assessment or as soon as weather or other conditions allow.

VALUE-ADDED AGRICULTURE PROCESSING AND AGRICULTURAL PRODUCTION VENTURES

R 285.351 Definitions.

Rule 1. (1) As used in these rules:

(a) "Act" means sections 1 and 2 of 2000 PA322, MCL 285.301 and 285.302.

(b) "Applicant" means any 1 of the following entities that does, or applies to do, value-added agricultural processing or related agricultural production operations, or both, in the state of Michigan:

(i) An individual.

(ii) A farmer-owned cooperative.

(iii) A partnership.

(iv) A limited liability company.

(v) A private or public corporation.

(vi) A local unit of government.

(vii) A producer-funded commodity organization that is legislatively authorized in Michigan.

(c) "Application instructions" means the document issued by the department to applicants that describes information required to participate in the agricultural development fund program in the given state fiscal year.

(d) "Business plan" means the documents that define the business, identify the goals, and serve as the firm's resume. The basic components include a current and pro forma balance sheet, an income statement, and a cash flow analysis.

(e) "Department" means the Michigan department of agriculture.

(f) "Director" means the director of the department or his or her designee.

(g) "Feasibility study" means a written study document that consists of an expert analysis of all of the following elements of the proposed venture:

(i) Economic feasibility.

(ii) Market feasibility.

(iii) Technical feasibility.

(iv) Financial feasibility.

(v) Management feasibility.

(h) "Grantee" means any applicant to whom the director has awarded a grant from the agricultural development fund on the project proposal.

Annual Administrative Code Supplement
2006 Edition

- (i) "Job" means a direct employment position with the grantee created or retained as a result of the completion of the project and expressed in terms of a full-time equivalent as defined by the United States department of labor.
 - (j) "Public notification" means 1 or more press releases sent to appropriate Michigan news media outlets and a public posting on the department's web site.
 - (k) "Project" means a venture or an activity, which is funded or proposed to be funded from the agriculture development fund.
 - (l) "Risk management" means the level at which the applicant minimizes exposure to financial risk.
 - (2) Any financial terms or definitions shall be consistent with generally accepted accounting principles, unless otherwise defined in these rules.
 - (3) The terms defined in the act have the same meanings when used in these rules.
- History: 2002 MR 4, Eff. Mar. 5, 2002; 2006 MR 13, Eff. July 6, 2006.

R 285.352 Application, submittal, election criteria, scoring, and decision process.

- Rule 2.(1) The department may conduct a grant program using monies from the agricultural development fund pursuant to the purposes and provisions of the act and may utilize up to 5% of the fund for administrative support of grant processing and compliance. The program shall be a competitive grant program and applicants shall make an application for monies from the fund pursuant to the act and these rules.
- (2) An application for a grant from the agricultural development fund shall be made on a form or format prescribed by the department for the purpose or purposes described in the act.
 - (3) Not less than 60 days before the application deadline, as determined by the director, the department shall make a public notification of the grant program, including information on the application form and application instructions that include the grant evaluation criteria. The director may indicate certain priority program initiatives or classes of agricultural commodities and products in the application instructions based upon programmatic or funding changes for each fiscal year.
 - (4) An application for a grant shall be directed into 1 of the following 5 program categories:
 - (a) Detailed business plan development that incorporates a specific marketing strategy and specifically outlines the working capital and financial needs, management structure, construction, production, marketing, and distribution needs.
 - (b) Market research and/or market development project for a product(s) and/or service(s) prepared by an industry consultant.
 - (c) Innovative technology or technical assistance, including feasibility studies, that will enhance and support the commercialization of value-added products.
 - (d) Upgrading, enhancements, and acquisitions to buildings, equipment, utility modifications and improvements, transportation installations, telecommunications infrastructure, or other infrastructure improvements.
 - (e) Facility purchase and/or construction, including property and/or land acquisition and assembly, demolition, and site development.
- The department may apportion available grant funds in any manner for the 5 program categories in the application instructions.
- (5) The department may update the application instructions each fiscal year. The department may also issue amended or subsequent application instructions after the initial application deadline based upon priority program initiatives, programmatic, or funding changes in a given fiscal year.
 - (6) The application review process shall proceed as follows:
 - (a) Upon receipt of an application, the department shall determine if the application is complete or is lacking necessary information. If the application is found to be complete, the department may forward the application, if appropriate, to the joint evaluation committee. If the application is found to be incomplete, the department may reject the application or request additional information.
 - (b) The department's determination to approve or reject a completed application shall be based on the selection criteria and scoring system in subrules (8) to (12) of this rule. The director may appoint a joint evaluation committee for its review and scoring of the applications. The joint evaluation committee may divide into subcommittees. The joint evaluation committee or subcommittees shall evaluate and rank all applications based on the selection criteria and scoring system in subrules (8) and (12) of this rule. The joint evaluation committee shall have relevant business, management, or professional expertise. A joint evaluation committee subcommittee that is evaluating and ranking applications based on the selection criteria and scoring system shall be made up of nonapplicants and parties who do not have a conflict of interest. Each complete application shall receive a score and rank from the joint evaluation committee together with a recommendation to approve the application, reject the application, or request additional information.
 - (7) The department review and approval process shall be completed within 90 days of the established application deadline.
 - (8) An application for a grant for business plan development shall be evaluated according to all of the following selection criteria:
 - (a) Expected benefit to the Michigan agricultural and food industry and the local economic impact. A score of 0 to 20 points

Annual Administrative Code Supplement
2006 Edition

will be awarded based on perceived benefit.

(b) Analysis of proposed project in terms of business and market planning. A score of 0 to 20 points will be awarded based on the perceived benefit of a business development plan.

(c) Clear project proposal with specific, measurable outcomes. A score of 0 to 50 points will be awarded based on the clarity of the proposal.

(d) A score of 0 to 10 points will be awarded based on the level of matching funds. In-kind contributions shall not be counted as match.

(9) An application for a grant for market research or market development projects shall be evaluated according to all of the following selection criteria:

(a) Expected benefit to the Michigan agricultural and food industry and the local economic impact. A score of 0 to 20 points will be awarded based on perceived benefit.

(b) Analysis of proposed project in terms of business and market planning. A score of 0 to 20 points will be awarded based on the perceived benefit of market research or market development.

(c) Clear project proposal with specific, measurable outcomes. A score of 0 to 50 points will be awarded based on the clarity of the proposal.

(d) A score of 0 to 10 points will be awarded based on the level of matching funds. In-kind contributions shall not be counted as match.

(10) An application for a grant for technical assistance shall be evaluated according to all of the following selection criteria:

(a) Expected benefit to the Michigan agricultural and food industry and the local economic impact. A score of 0 to 20 points will be awarded based on perceived benefit.

(b) A current business plan including the added benefit of the technical assistance. A score of 0 to 30 points will be awarded for the benefit of the technical assistance to the business plan.

(c) Clear project proposal with specific, measurable outcomes. A score of 0 to 40 points will be awarded based on the clarity of the proposal.

(d) A score of 0 to 10 points will be awarded based on the level of matching funds. In-kind contributions shall not be counted as match.

(11) An application for a grant for upgrades and enhancements shall be evaluated according to all of the following selection criteria:

(a) Expected benefit to the Michigan agricultural and food industry and the local economic impact. A score of 0 to 20 points will be awarded based on perceived benefit.

(b) A current business plan including the added benefit of the upgrades and enhancements. A score of 0 to 30 points will be awarded based on the business plan.

(c) Clear project proposal with specific, measurable outcomes. A score of 0 to 40 points will be awarded based on the clarity of the proposal.

(d) A score of 0 to 10 points will be awarded based on the level of matching funds. In-kind contributions shall not be counted as match.

(12) An application for a grant for facility and/or land assistance shall be evaluated according to all of the following selection criteria:

(a) Expected benefit to the Michigan agricultural and food industry and the local economic impact. A score of 0 to 20 points will be awarded based on perceived benefit.

(b) A current feasibility study and business plan. A score of 0 to 40 points will be awarded based on the feasibility study and business plan.

(c) Clear project proposal with specific, measurable outcomes. A score of 0 to 30 points will be awarded based on the clarity of the proposal.

(d) A score of 0 to 10 points will be awarded based on the level of matching funds. In-kind contributions shall not be counted as match.

(13) The director of the department shall have final approval of grants made under the act and the department shall provide grants for reimbursement of approved expenses incurred by the grantee which may be divided into partial payments.

History: 2002 MR 4, Eff. Mar. 5, 2002; 2006 MR 13, Eff. July 6, 2006.

R 285.353 Eligibility and documentation required.

Rule 3. (1) An applicant for funding shall complete an application containing all of the following:

(a) A clear description of a proposed project or projects stating how the project is designed to establish, retain, expand, attract, or develop value-added agricultural processing and related agricultural production operations in this state.

(b) Documentation that the applicant or its designated business venture has been established according to state law, is in good standing, and is not in default of any federal, state, or local taxes.

Annual Administrative Code Supplement
2006 Edition

(c) Measurable outcomes of the project. All jobs that are created or retained shall be clearly a direct result of the project. The expected impact of the project on the local economy shall be identified.

(d) Documentation of guaranteed matching funds shall be provided.

(e) A record or portion of a record, material, or other data received, prepared, used, or retained in connection with an application to, or with a project or product assisted by, a grant that relates to financial or proprietary information submitted by the applicant that is considered by the applicant and acknowledged by the review panel as confidential shall not be subject to the disclosure requirements of the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(2) The director shall authorize department staff and members of the joint evaluation committee to sign and abide by confidentiality statements for trade secrets or commercial or financial information voluntarily provided to the department by applicants upon a promise of confidentiality as authorized by the director, and is exempt from disclosure under 1976 PA 442, MCL 15.231 et seq.

History: 2002 MR 4, Eff. Mar. 5, 2002; 2006 MR 13, Eff. July 6, 2006.

PART 2. REPORTING AND COMPLIANCE REQUIREMENTS

R 285.354 Contractual agreements.

Rule 4. A contractual agreement between the department and the grantee is required for all projects authorized under the act. This agreement will detail the terms and conditions of the approved project between the department and the grantee.

REGULATION NO. 641. COMMERCIAL FERTILIZER BULK STORAGE

R 285.641.1 Definitions.

Rule 1. (1) As used in these rules:

(a) "API 650 standard" means the American Petroleum Institute standard number 650, tenth edition, November 1998, containing standards for the design and construction of welded steel tanks for oil storage, published by the American Petroleum Institute, 1220 L. Street, Northwest, Washington D.C., 20005-4070, <http://www.api.org> or surviving organization. This document is available at a cost of \$289.00, which is the cost at the time of publication of this rule. This document is available for inspection from the Michigan Department of Agriculture, Pesticide and Plant Pest Management Division, 525 W. Allegan, Lansing, MI 48933.

(b) "API 653 standard" means the American Petroleum Institute standard number 653, third edition, September 2003, containing standards for the inspection, repair, alteration and reconstruction of welded steel tanks for oil storage, published by the American Petroleum Institute, 1220 L. Street, Northwest, Washington D.C., 20005-4070, <http://www.api.org> or surviving organization. This document is available at a cost of \$176.00, which is the cost at the time of publication of this rule. This document is available for inspection from the Michigan Department of Agriculture, Pesticide and Plant Pest Management Division, 525 W. Allegan, Lansing, MI 48933.

(c) "Approved" means approval by the director of the department or his or her representative.

(d) "Appurtenances" mean any of the following which are connected to a bulk fertilizer container or which are used for transferring bulk fertilizer between containers:

- (i) Valves.
- (ii) Gauges.
- (iii) Portable manufacturing units.
- (iv) Pumps.
- (v) Fittings.
- (vi) Hoses.
- (vii) Mixing containers.
- (viii) Plumbing.

Annual Administrative Code Supplement
2006 Edition

- (ix) Metering devices.
- (e) "Aqua ammonia" means an aqueous solution of anhydrous ammonia which generally contains 18% to 30% of ammonia (NH₃) by weight and which has a vapor pressure that usually varies from 0 to 10 pounds per square inch gauge (psig) at 104 degrees Fahrenheit.
- (f) "Authorized inspector" means a person who is certified by the American Petroleum Institute under appendix D-authorized inspector certification, of the API 653 standard.
- (g) "Bladder system" means a non-adhering liner physically attached to the inside of the large storage tank. The liner, constructed of a compatible synthetic material, provides physical separation of the liquid product from the sidewalls and storage container floor.
- (h) "Bulk fertilizer" means fluid fertilizer in a single container that has a capacity of more than 2,500 United States gallons, fluid fertilizer in containers that have a combined total capacity for all storage containers or tanks located at a single site or location of more than 7,500 United States gallons, or dry fertilizer in an individual quantity of more than 2,000 pounds. For purposes of these rules, use solutions and rinsates are bulk fertilizers if they are in containers that meet the capacities specified in this subdivision.
- (i) "Department" means the Michigan department of agriculture.
- (j) "Discharge" means an uncontained release to the environment in a quantity that is more than 55 United States gallons of liquid or 650 pounds of dry bulk fertilizer. "Discharge" does not include a fully contained transfer of bulk fertilizer that is made pursuant to sale, storage, distribution, or intended use.
- (k) "Distribute" has the meaning as defined in section 8501 of 1994 PA 451, MCL 324.8501.
- (l) "Elephant ring" means a storage container which has an open top and which serves as a secondary containment vessel into which a primary storage container with a smaller volume is placed.
- (m) "Existing bulk storage facility" means a facility that, on the effective date of this rule, is being used to store or hold bulk fertilizers where the location of bulk containers remains the same whether bulk containers are replaced, added to, or reorganized.
- (n) "Fertilizer" has the meaning as defined in section 8501 of 1994 PA 451, MCL 324.8501.
- (o) "Field operations" means the application of fertilizer to soil or plants in the course of normal agricultural or horticultural practice.
- (p) "Floodplain" means any land area that is subject to a 1% or greater chance of flooding. This is equivalent to a 100-year flood.
- (q) "Fluid fertilizer" means fertilizer in fluid form and includes solutions, emulsions, suspensions, and slurries. "Fluid fertilizer" does not include anhydrous ammonia.
- (r) "Large storage tank" means a closed container used to store liquid fertilizer that has a capacity of 100,000 gallons or more and which has been constructed on-site.
- (s) "Mobile container" means a container designed or used for transporting fertilizer.
- (t) "Modification" means changes in structures, processes, or activities at a bulk fertilizer storage facility that alter the efficiency or capacity of containment structures or systems.
- (u) "New bulk storage facility" means a storage facility designated by the director or a storage facility that locates new, used, or refurbished bulk containers where, before the effective date of this rule, bulk storage was not conducted.
- (v) "Operational area containment" means a structure or system that is designed and constructed to effectively intercept and contain spills, container or equipment washwater, and precipitation to prevent the runoff or leaching of fertilizer from an area or areas at a storage facility where bulk fertilizers are transferred, loaded, unloaded, mixed, impregnated, repackaged, or refilled.
- (w) "Primary containment" means the storage of bulk fertilizer in storage containers at a storage facility.
- (x) "Primary containment piping" consists of any conveyance utilized to transport liquid fertilizer into or out of the storage area.
- (y) "Rinsate" means the liquid that is generated from the rinsing of the interior surface of fertilizer application equipment or a fertilizer container that has come in direct contact with fertilizer. The liquid is a mixture of water and a relatively low concentration of fertilizer. "Rinsate" includes the liquid that is generated by cleaning a containment area under R 285.641.10(3).
- (z) "Secondary containment" means a structure, including dikes, that is effectively designed and constructed to contain spills or leaks and to prevent escapes, runoff, and leaching of fertilizer from bulk storage containers and appurtenances.
- (aa) "Spill" means a contained release, within a containment area or operational pad, in a quantity that is more than 55 United States gallons of liquid or 650 pounds of dry bulk fertilizer. "Spill" does not include a fully contained transfer of bulk fertilizer that is made pursuant to sale, storage, distribution, or intended use.
- (bb) "Storage" means the storage of bulk fertilizer by a person who manufactures or distributes bulk fertilizer.

Annual Administrative Code Supplement
2006 Edition

(cc) "Storage container" means a container, rail car, nurse tank, or mobile container that is used for the storage of bulk fertilizer. "Storage container" does not include any of the following:

- (i) A mobile container that stores bulk fertilizer at a storage facility for less than 30 consecutive days if the storage is incidental to the loading or unloading of a storage container at the storage facility.
- (ii) A mobile container that is located on property other than property which is owned, operated, or controlled by an owner or operator of a storage facility for less than 30 consecutive days.
- (iii) A rail car that stores bulk fertilizer at a storage facility for less than 30 consecutive days without reloading or unloading.
- (iv) A container which is 2,500 gallons or less and which is used solely as emergency storage for leaking fertilizer containers.

(dd) "Storage facility" means a facility which is used to store or hold bulk fertilizer and which is owned, operated, controlled, or leased by a person who manufactures or distributes bulk fertilizer.

(ee) "Surface water" means a body of water that has its top surface exposed to the atmosphere and includes lakes, ponds, or water holes that cover an area of more than 0.25 acres and streams, rivers, or waterways that maintain a flow year-round. "Surface water" does not include waterways that have an intermittent flow.

(ff) "Washwater" means the liquid that is generated from rinsing the exterior surfaces of application, handling, storage, transportation, or nurse equipment. "Washwater" does not include the liquid that is generated by cleaning a containment area under R 285.641.10(3).

R 285.641.9a Alternative to diking for large storage tanks.

Rule 9a. (1) A storage facility may install a bladder system in an individual large storage tank instead of a diked containment area, provided all of the provisions in this rule are met.

(2) Before construction and installation, the storage facility shall have written department approval for the proposed large storage tank and bladder system.

(3) A storage facility shall ensure that the bladder system plans are sealed by a professional engineer licensed in the state of Michigan.

(4) A storage facility seeking to install a bladder system into a new large storage tank shall ensure the tank is constructed according to API 650 standards by an authorized inspector.

(5) A storage facility seeking to install a bladder system in an existing large storage tank shall ensure the tank is inspected according to API 653 standards by an authorized inspector with a complete, out-of-service internal and external inspection. The tank shall be modified to meet API 653 standards before installing the bladder system.

(6) Large storage tanks equipped with a bladder system shall be inspected according to API 653 standards by an authorized inspector every 5 years after bladder system installation.

Annual Administrative Code Supplement
2006 Edition

- (7) The synthetic liner material used in the bladder system shall comply with the following provisions:
- (a) The synthetic liner shall have a minimum thickness of 30-mils (0.8 millimeter).
 - (b) The synthetic liner shall be chemically compatible with all materials stored within it.
 - (c) The manufacturer of the liner shall provide written confirmation of liner compatibility and an estimate of the liner life expectancy.
 - (d) The synthetic liner shall be installed under the supervision of a qualified representative of the manufacturer.
 - (e) The synthetic liner shall be capable of meeting the stresses of normal operations without disintegrating, delaminating, or otherwise failing.
- (8) A storage facility shall comply with the following bladder system installation requirements:
- (a) The bladder system shall be installed to allow access to the space between the bladder and storage tank wall.
 - (b) The bladder system shall include a permeable protective geotextile barrier between the bladder and storage tank wall.
 - (c) The bladder system shall be installed under the supervision of a qualified representative of the manufacturer. All field seams shall be tested and repaired, if necessary, in accordance with the manufacturer's recommendations.
 - (d) The tank shall be prepared in accordance with the bladder manufacturer's specifications.
 - (e) Following installation, and before filling, the bladder system shall be thoroughly tested to ensure the system is free of leaks.
- (9) A storage facility equipped with a bladder system shall have the bladder inspected within 2 years after the initial installation and, if no failure indications are found, at 5-year intervals thereafter.
- (10) The large storage tank and bladder system shall be constructed and equipped with the following devices:
- (a) A functioning automatic active liquid level-monitoring device. This overflow protection device shall notify the operator before the bladder is filled beyond its capacity by 1 or both of the following mechanisms:
 - (i) Automatic pump shut-off.
 - (ii) Audible alarm.
 - (b) A continuously working automatic liquid level monitoring and alarm system that will detect leaks from the storage tank.
 - (c) A leak detection system constructed under the synthetic liner that will detect leaks from the bladder system and allow full recovery of any liquid extracted from the effluent ports.
- (11) Appurtenances connected to the large storage tank shall be maintained as follows:
- (a) All external appurtenances, including pumps and leak detection ports, shall be encased or enclosed to contain any leaks and secured when not in use.
 - (b) All appurtenances that extend through both the storage tank and bladder system, not including manways, shall be equipped with a valve that meets both of the following requirements:
 - (i) The valve shall be enclosed within a structural steel containment box capable of withstanding the maximum head pressure of the bladder system and be equipped with a leak detection device or system.
 - (ii) The valve shall be secured against wildlife, vandalism, and unauthorized access at all times.
 - (c) The facility shall ensure that the storage tank, bladder system, and appurtenances, including pipes, are protected against reasonably foreseeable risks of damage by trucks and other moving vehicles.
- (12) Inspection and maintenance records shall be maintained as follows:
- (a) The storage tank, bladder system, and appurtenances shall be visually inspected daily during use, and at least monthly when not in use. The results of the inspection shall be recorded and shall be made available to the department during normal business hours.
 - (b) Inspection and maintenance records for the large storage tank, bladder system, and leak detection systems shall be maintained at the facility.
 - (c) The facility shall sample any effluent collected at the monitoring ports and analyze samples for fertilizer content on a quarterly basis. Results of any analysis with fertilizer content shall be reported to the department immediately.
- (13) If a spill, discharge, overflow, or tank failure occurs, then the following applies:
- (a) The operator shall report all discharges, overfills, and internal spills to the department immediately upon discovery.
 - (b) If a leak or other failure of the bladder system occurs, then the storage tank shall be emptied within 30 days.
 - (c) The affected areas of the bladder, bladder protection layer, and interior of the storage tank shall be thoroughly cleaned, repaired, and inspected before the storage tank and bladder system are again placed into service.
- History: 2007 MR 24, Eff. Dec. 19, 2006.

**REGULATION NO. 813. TESTING HORSES AND PULLING TEAMS FOR DRUGS AT STATE FUNDED
EVENTS**

R 285.813.1 Definitions.

Rule 1. As used in these rules:

(a) "Drug" means any of the following:

(i) A substance recognized or for which the standards or specifications are prescribed in the official compendium consisting of the United States pharmacopoeia, homeopathic pharmacopoeia, of the United States or national formulary and supplements in effect on the effective date of these rules.

(ii) A substance intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease in man or other animals.

(iii) A substance, other than food, intended to affect the structure or any function of the body of man or other animals.

(b) "Department" means the department of agriculture.

(c) "Director" means the director of the department or his or her designee.

(d) "Fair" means all agricultural fairs and expositions which hold harness horse races or pulling contests and receive state funding for purses or premiums.

(e) "Horses" mean all members of the family equidae.

(f) "Official sample" means a collection of blood, hair, urine, saliva, or tissue obtained from a horse.

(g) "Racing commissioner" means the official created by the Racing Law under Section 4 of 1995 PA 279, MCL 431.304.

History: 1954 ACS 56, Eff. Nov. 14, 1968; 1979 AC; 2006 MR 2, Eff. Jan. 19, 2006.

R 285.813.2 Drugs; illegal use.

Rule 2. Unless authorized by the racing commissioner by rule or written order, a person shall not administer internally or externally a drug that could affect or alter the normal performance of a horse in a horse race or pulling event where state funds are used for any portion of the purse or premiums.

History: 1954 ACS 56, Eff. Nov. 14, 1968; 1979 AC; 2006 MR 2, Eff. Jan. 19, 2006.

R 285.813.3 Collection of official samples.

Rule 3. (1) Official samples may be obtained by the director of agriculture or his or her designee from any horse entered in a state-funded race or pulling event. The director or his or her designee may request the fair association or event organizer to furnish necessary help to obtain official samples. Failure to provide sufficient help when requested shall result in forfeiture of all rights to state aid to the fair or event for these contests. The owner, trainer, groom, or other responsible representative

Annual Administrative Code Supplement
2006 Edition

of the owner shall be present when an official sample is taken from the horse and shall remain until the sample is sealed in his or her presence. The official sample tag attached to the specimen shall be signed by the owner, trainer, groom, or other representative as witness of the taking of the specimen. Refusal or failure to sign the sample tag shall not affect the validity of the specimen.

(2) Willful failure to be present at or refusal to allow the taking of a specimen, or any act or threat to impede, prevent, or otherwise interfere with the taking of the official sample, shall be a violation of this rule. The official sample shall be analyzed in the laboratories of the Michigan department of agriculture or a laboratory designated by the director.

(3) The director or director's designee may require a preliminary breath test (PBT) from any driver, jockey, teamster, or starting gate operator for the races and pulling events described in these rules. If the results of the PBT show a reading of 0.05% of alcohol or above, then the driver, jockey, teamster, or starting gate operator shall not participate in that day's races or pulling events.

(4) Each fair shall comply with and assist in the enforcement of these rules and provide proper facilities and lighting as may be required by the department to perform the requirements of this rule.

History: 1954 ACS 56, Eff. Nov. 14, 1968; 1979 AC; 2006 MR 2, Eff. Jan. 19, 2006.

R 285.813.4 Stimulants and Depressants.

Rule 4. Electrical, mechanical, or other devices shall not be used for stimulating or depressing a horse or affecting its speed or ability in a horse race or pulling event, nor shall a person have such a device in his or her possession, where state funds are used for any portion of the purse or premium offered. However, an ordinary whip with spur may be used in a horse race.

History: 1954 ACS 56, Eff. Nov. 14, 1968; 1979 AC; 2006 MR 2, Eff. Jan. 19, 2006.

R 285.813.5 Hearings.

Rule 5. (1) If a provision of these rules or any other rules or state law related to a horse race or pulling event is violated, then the director shall notify the horse's owner of the violation and shall hold a hearing within 14 days from the date that the violation is reported to the director or shall refer the matter to the State Office of Administrative Hearings and Rules.

(2) For hearings conducted by the director, from testimony taken, the director shall render a decision on the penalty imposed and/or the eligibility of the owner, his or her representative, and the horse, or any of them, to participate in state-funded horse races or pulling events or in any future state, county, district, or community fair horse race or pulling event.

(3) The director or an administrative law examiner representing the State Office of Administrative Hearings and Rules may impose any of the following penalties:

(a) Return to the department any purse or premium awarded in the horse race or pulling event.

(b) A penalty or fine pursuant to section 30 and section 31 of 1995 PA 279, MCL 431.330 and 431.331.

(c) The owner and the horse may be prohibited from participating in horse races or pulling events at fairs for up to 1 year from the date of notification of the first violation.

(d) For second or additional violations, the owner and the horse may be prohibited from participating in horse races or pulling event indefinitely.

History: 1954 ACS 56, Eff. Nov. 14, 1968; 1979 AC; 2006 MR 2, Eff. Jan. 19, 2006.
